## CANTEEN - SMARTCARD BASED MEAL MANAGEMENT SYSTEM (MMS)

Many organizations / Hotels / Worker's Camp provide canteen facility to its employees, but proper management of meals head count per employee is a complicated task

Our Cutting edge Meal Management System provides a userfriendly system that facilitates quick and efficient operation to manage employee/ Facility Meal transactions. This smartcard based solution provides automated and cashless transaction solution and also has a very robust online network based solutions to operate multiple counters/ Canteens simultaneously.

The complete solution comprises of Data Collection Terminals, Meal Management Software and optional Thermal Receipt Printer. This system is capable of not only providing criteria based reports; it can also ensure one meal per employee, thus avoiding misuse in dining facility.

## ADVANTAGES

- ▶ 64 Bits Encryption on cards to avoid frauds/ Card Duplication.
- ▶ Storage of last Meal Details on Smartcard itself
- ▶ Strong Backend Meal Capture Database Engine
- ▶ Multiple Meal Swaps can be checked for all Terminals or Branches
- ▶ Meal Quota can be checked and verified on all customer smartcards
- ▶ Can work Online or Offline without any Network Infrastructure.
- ▶ Can Store 5000 Meal Swap records in Offline mode.
- ▶ Easy Meal Swap Solution with Real time advanced Reports with all the criteria combinations
- ▶ Maintain and Generate Meal Transaction report of individual employees/ contractor wise/department account on Hourly/daily/weekly/monthly/ yearly basis
- ▶ Tailor made web based software reporting can be developed as per customer requirement.

## FEATURES
